

The event itinerary

Friday

The weekend coincides with the Ryder Cup and we've planned the best 'Cup' party outside of Celtic Manor! The day comprises a Texas scramble, the ideal way to loosen up for the Prince Michael Trophy the following day.

We've reserved wide ranging tee times, from between 9am and 12.15pm, so those who want to can go off early and be back in time to watch the majority of the television coverage, can do so. The day's highlights will be recorded and replayed on wide screen TV's after the drinks reception, dinner and entertainment. A full support programme featuring health and wellbeing opportunities for non-golfers will be on offer for the first time.

Saturday

The main event is The Prince Michael Trophy, which will take place on the Championship Course. Teeing off from as early as 8.30am will enable continued viewing of the Ryder Cup for those who wish to watch it.

The evening will start with a Champagne drinks reception followed by a magnificent Black Tie, Gala Dinner and of course a top class international cabaret. After the cabaret we've secured the services of Gary Alliss to give his informed and insightful views of golf's biggest event during the recorded highlights. Gary is a former European Tour player who now teaches the professionals how to teach at The Belfry. He was also PGA Cup captain last year, which is the 'Pros Ryder Cup' and is also the national coach for Slovakia. He's a very astute man of golf who comes from a long line of famous golfers, with dad Peter and grandad Percy.

A great cause, an amazing weekend!

In its centenary year, UK Youth, the charity that's always positive about young people, is hosting its annual Nigel Mansell UK Youth Golf Classic at the East Sussex National Golf course. It's a unique opportunity to go head to head with Nigel Mansell and to find out if you and your team can come out on top against the F1 and Indi car legend!

This year it coincides with the Ryder Cup at Celtic Manor and promises to be the place to be on this prestigious weekend. All the proceeds from the event will go to help UK Youth help turn young peoples lives around.
